

Belgium Grove

Dichotomous Key for Leaves

Glossary

Compound Leaf: leaf is divided into several leaflets. Each leaflet does not have a bud.

Jagged/Serrated Edge: leaf's edges resemble many small teeth, like a saw.

Lobed Leaf: leaf's edges have deep indents that are either round or pointed.

Simple Leaf: one, undivided leaf is attached to a bud.

There are many other tree and shrub species at Belgium Grove. Can you find a species that is not on this sheet?

*Many other species can fall under these categories. This key is by no means an exhaustive key for all species and exists only for the purposes of this activity. *
